

For Nearly a Century...

...the Symbol of Protection
Established 1912

The original SEGAL lock was developed in 1912 by Samuel Segal, a New York police officer, who saw the need to protect residents from thieves "jimmying" or spreading the door frame to gain entry. Improvements over the years have changed the original design and made the Segal Vertical Deadbolt one of the strongest locking devices available through the retail channels.

LIFETIME SECURITY

High Security Deep Inset Angle Strike

- Ideal for residential homes with modern jamb installations.
- 1-11/16" deep jamb leg extends into the center of the door jamb.
- Two 3" long hardened screws can now anchor into the jack stud.
- Includes a total of 6 screws for maximum security.
